DETAILED ACTION

This is a response to the Applicants' amendment submitted on 10/31/2005. In virtue of this amendment:

- Claims 1 and 12-20 have been canceled;
- Claims 21-30 are newly added; and thus,
- Claims 2-11 and 21-30 are now presented in the instant application.

Allowable Subject Matter

1. Claims 2-11 and 21-30 are allowed.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance:

Prior art fails to disclose or fairly suggest:

- A backlighting system for a display apparatus comprising electrical connection means provided in the circuit board substrate and connected to said conductive tracks wherein said at least one circuit board substrate comprises a first circuit board substrate on which said electronic componentry is mounted and a second circuit board substrate including said electrical connection means, wherein said backlighting system further comprising electrical connection means provided between said first and second circuit board substrates, in combination with the remaining claimed limitations as called for in independent claim 2 (claims 3-7, 11 and 21 are allowed since they are dependent on claim 2); and
- A backlighting system for a display apparatus comprising electrical connection means provided in the circuit board substrate and connected to said conductive tracks

wherein said electronic componentry includes a plurality of control means, each of which controls the distribution of power to more than one light source, each control means receiving feedback of the electrical power consumption of its selected number of light sources and adjusting the power supplied to the selected number of light sources accordingly, in combination with the remaining claimed limitations as called for in independent claim 8 (claims 9-10 are allowed since they are dependent on claim 8); and

- A backlighting system for a display apparatus comprising a first electrical connection element provided in the circuit board substrate and connected to said conductive tracks wherein said at least one circuit board substrate comprises a first circuit board substrate on which said electronic componentry is mounted and a second circuit board substrate including said first electrical connection element, wherein said backlighting system further comprising a second electrical connection element provided between said first and second circuit board substrates, in combination with the remaining claimed limitations as called for in independent claim 22 (claims 23-30 are allowed since they are dependent on claim 22).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Drawings

3. The Replacement Sheets of drawings submitted on 10/31/2005 are not accepted since the reference/textual characters contained therein are not legible. A new set of corrected drawings is required.
